About the Tariff	This Tariff contains charges for payments ordered via Request for Transfer in Unitel. The request code listed next to each payment type is used in Denmark only.
Charges	The tariffs are subject to change.
Danish and local cut-off time	<p>The time when the payment instruction must have been received by the account-holding unit.</p> <p>Due to restrictions in Unitel opening hours the two cut-off times may not always correspond to each other.</p>
Intercompany transfers	"Payments within the Nordea Group" (Nordea Intercompany Payments) applies to transfers within your own group between accounts held in two different Nordea units. The terms and conditions apply to payments ordered in the Nordea currencies: DKK, EUR, GBP, NOK, SEK, SGD, or USD.
Cancellations	If you try to cancel a Request for Transfer and your cancellation is rejected, the reason is that we have already passed on your Request for Transfer. Electronic cancellation is <i>only</i> possible via Unitel in Denmark.
Disclosure of remitter's account number	Due to international anti-terrorist measures we must always disclose the remitter's account number to our correspondent bank. The account number is sent in the IBAN format.
IBAN and BIC	<p>For some countries both IBAN and BIC are mandatory. If a payment instruction does not meet this requirement, it will be rejected.</p> <p>For some of the countries, where IBAN is mandatory, an additional IBAN-only principle applies. This principle implies that the beneficiary's bank is identified through the IBAN. Nordea will automatically derive all needed information on the beneficiary's bank from the IBAN. If a payment instruction contains information on the beneficiary's bank, even if it is not needed, Nordea will ignore this information and use the information which can be derived from the IBAN instead.</p> <p>Read more on nordea.dk/iban.</p>
